An aerial photograph of Oxford, England, taken at dusk. The city's historic architecture is visible, including the spire of Christ Church Cathedral in the center and the large dome of the Bodleian Library on the right. The sky is a deep blue, and the city lights are beginning to glow. The word "Oxford" is written in a large, white, sans-serif font across the middle of the image.

What makes a good church planter?

What locations – venues and neighbourhoods – make for a good church plant?

Leipzig

A photograph of a man in a light-colored shirt and glasses speaking into a microphone on a stage. To his left, a man, a woman, and a child are standing together, looking down. Behind them is a large projection screen showing a person in a white shirt. The scene is set in a room with wood-paneled walls. In the foreground, the backs of several audience members' heads are visible.
